1) Sessions are limited to 4-6 participants. Individuals will enjoy a more directed program with smaller participant numbers. With over 30+ years of experience; we are certain participants will continue to enjoy time with us despite smaller session numbers. Health precautions and staff shortage contributed to our decision to keep groups small. *Due to these restrictions, registration is first come-first-serve basis. Should the camp you choose be full, we will contact you to try and find an alternative solution.

2) **Parents/Legal Guardians** must be present on the first day to sign liability/safety forms. If a non-guardian is designated pick-up during the week, we must have a valid driver's license number and name.

3) **ADULT SESSIONS**. Adult riders of all levels are welcome to join. Please note it is strongly recommended first time riders sign up for private lessons prior to joining an adult session. Material will be covered in priority of the various needs of each group. If you own a horse, we encourage you to bring him/her with you.

4.) **RIDING ATTIRE/WHAT TO BRING**: All participants must wear pants and protective footwear. Riding boots are ideal but a sturdy hiking boot is acceptable. We have riding helmets available, but bring your own if you have one. Participants can bring shorts/cool clothes to change into after barn work is finished for the day. Please send your child with plenty of

water/snacks/lunch. Adult participants should also plan to stay hydrated and bring snacks/food for refreshment.

SESSION DATES

(please circle to indicate preferred clinic) late pick up time 4:00pm is available for an additional \$30.00.)

Notes: Please include any additional information you would like us to know about You or your Child.

For Adult Session Participants or intermediate level riders- it's helpful for us to know a little about your riding history and interest/education you might like to discuss/learn during your time with us.

**Instructors Camp* is a brand NEW session rolling out for 2023. Participants in this sessions should be seriously pursuing or considering equine business, management or starting to teach riding lessons or similar interests. This session is a professional development opportunity that will explore a wide array of topics and can be directed by the interest of the group. Portions of the curriculum are specific to teaching participants how-to-teach, the mastery of foundation of knowledge, suitability and more. Please email with any additional questions.
